## Nearby aerodromes

| Aerodrome | Type | Distance | Elevation |
|---|---|---|---|
| Grand Hotel Huis ter Duin | Heliport | 3.8 km W | 0 m |
| Langeveld Glider Field | Aerodrome | 5.5 km NE | 3 m |
| Leids Universitair Medisch Centrum Heliport | Heliport | 9.7 km S | 12 m |
| Amsterdam Airport Schiphol | Major airport | 20 km E | -3 m |

## Description

Take a beautiful flight with a drone over the colorful flower fields near the Keukenhof Gardens in The Netherlands. Filmed with a DJI Inspire drone in full HD. Tulips, hyacinths and other colorful flowers are lined up in long stretches across the Dutch fields.

**Scan to open the up-to-date spot page: weather, map and restrictions.**
https://www.drone-spot.tech/en/fiche-spot.aspx?id=299656
Before every flight: check the UAS zones map, NOTAMs and temporary areas, the weather and the Kp index.

# Preparing the flight

## Pre-flight Check-List

- ☐ Area checked: UAS zones, restrictions, protected areas
- ☐ NOTAMs and temporary areas checked
- ☐ Weather: wind, gusts, rain, visibility; Kp index
- ☐ Operator number displayed on the drone
- ☐ Training certificate or licence with me
- ☐ Third-party liability insurance checked
- ☐ Batteries charged: drone, controller, phone
- ☐ Propellers, motors and frame in good condition
- ☐ Memory card inserted and empty
- ☐ Software up to date, compass and IMU calibrated
- ☐ Return to home: home point and return height set
- ☐ Electronic signalling or remote ID active
- ☐ Take-off area clear, people informed and at a distance
- ☐ Observer present for FPV flights

## Key rules of the open category

This country applies the European drone rules (open category); it may add its own zones and conditions.

- Maximum height: 120 m above the ground, lower where a restriction requires it.
- Always keep the drone in sight; when flying FPV, an observer keeps it in sight next to you.
- Never fly over crowds and keep the distances of your subcategory (A1, A2 or A3).
- Respect UAS geographical zones: around aerodromes, prohibited or restricted areas, protected areas, sensitive sites.
- Register as an operator if the drone weighs 250 g or more or carries a camera (toys excepted), and display the number on the drone.
- Training: online A1/A3 certificate from 250 g or for a class C1 drone; A2 certificate to fly closer to people with a class C2 drone.
- Always give way to manned aircraft and land if one approaches.
- Respect privacy: no images that identify people without their consent; aerial photography is prohibited in some areas.
- Check your third-party liability insurance.

*Non-exhaustive summary: rules change. Reference: the DGAC open-category guide and the country's regulations.*
