FLIGHT CARD

Generated on 22 November 2026

Church and Castle of Font

Heritage · Switzerland

GPS coordinates	46.83425, 6.81234
Elevation	450 m
Maximum height	100 m max
Access	Direct access by car
Nearest aerodrome	Payerne Air Base (LSMP) 7.9 km E · same altitude as the spot
Spot reference	312248

Spot location and restrictions (Drone-Spot map image)

Sun (local times, UTC+01:00)

Day	Dawn	Sunrise	Sunset	Dusk	Day length	Golden hour
Sun 22 Nov	07:12	07:45	16:52	17:26	9 h 06	07:45–08:34 · 16:04–16:52

Payerne Air Base	Airport	7.9 km E	447 m
Neuchatel Airfield	Aerodrome	14 km N	435 m
Yverdon-les-Bains Airport	Aerodrome	17 km SW	433 m
Aérodrome de Môtiers	Aerodrome	18 km NW	732 m

Description

Overlooking the village, the church of Font, dating from the 12th century, is a gem set amid the vineyards, whose charm does not escape the walker... Close to the remains of one of the first castles in Switzerland, the Église de Font site stands majestically, overlooking the lake, the town and the vineyards.

Before every flight: check the UAS zones map, NOTAMs and temporary areas, the weather and the Kp index.

Preparing the flight

Pre-flight Check-List

- ☐ Area checked: UAS zones, restrictions, protected areas
- ☐ NOTAMs and temporary areas checked
- ☐ Weather: wind, gusts, rain, visibility; Kp index
- ☐ Operator number displayed on the drone
- ☐ Training certificate or licence with me
- ☐ Third-party liability insurance checked
- ☐ Batteries charged: drone, controller, phone
- ☐ Propellers, motors and frame in good condition
- ☐ Memory card inserted and empty
- ☐ Software up to date, compass and IMU calibrated
- ☐ Return to home: home point and return height set
- ☐ Electronic signalling or remote ID active
- ☐ Take-off area clear, people informed and at a distance
- ☐ Observer present for FPV flights

Key rules of the open category

This country applies the European drone rules (open category); it may add its own zones and conditions.

- Maximum height: 120 m above the ground, lower where a restriction requires it.
- Always keep the drone in sight; when flying FPV, an observer keeps it in sight next to you.
- Never fly over crowds and keep the distances of your subcategory (A1, A2 or A3).
- Respect UAS geographical zones: around aerodromes, prohibited or restricted areas, protected areas, sensitive sites.
- Register as an operator if the drone weighs 250 g or more or carries a camera (toys excepted), and display the number on the drone.
- Training: online A1/A3 certificate from 250 g or for a class C1 drone; A2 certificate to fly closer to people with a class C2 drone.
- Always give way to manned aircraft and land if one approaches.
- Respect privacy: no images that identify people without their consent; aerial photography is prohibited in some areas.
- Check your third-party liability insurance.

Non-exhaustive summary: rules change. Reference: the DGAC open-category guide and the country's regulations.
