Generated on 21 November 2026

Refuge de La Perrière - Arvillard

Mountain · Savoie

GPS coordinates	45.40719, 6.18513
Elevation	1,774 m
Maximum height	120 m max
Access	On foot > 1,000 m
Nearest aerodrome	Saint Rémy de Maurienne 7.9 km SE · spot 1,348 m higher
Spot reference	317054

Spot location and restrictions (Drone-Spot map image)

Sun (local times, UTC+01:00)

Day	Dawn	Sunrise	Sunset	Dusk	Day length	Golden hour
Sat 21 Nov	07:10	07:42	17:00	17:33	9 h 18	07:42–08:28 · 16:14–17:00
Sun 22 Nov	07:11	07:43	16:59	17:32	9 h 15	07:43–08:30 · 16:13–16:59
Mon 23 Nov	07:12	07:45	16:59	17:31	9 h 13	07:45–08:31 · 16:12–16:59

Nearby aerodromes

Aerodrome	Type	Distance	Elevation
Saint Rémy de Maurienne	Aerodrome	7.9 km SE	426 m
Altisurface de Valmorel	Aerodrome	19 km E	1,930 m
Altisurface de la Pointe de l'Ouillon	Aerodrome	19 km S	2,380 m
Aérodrome de Chambéry Challes-les-Eaux	Aerodrome	24 km NW	297 m

Description

The Refuge de la Perrière, at an altitude of 1,846 m, is an unstaffed hut with free access (no reservation), located on the GR738 route of the Haute Traversée de Belledonne. It is the second stage stop between Le Pontet and la Pierre du Carre, and it is the wildest hut on this GR. The hut was renovated at the end of June 2018 and lovingly looked after by the associations "Tous à Poêle" and "Belledonne Sports nature". It has 18 beds, as well as an outdoor composting toilet and a fountain in front of the door. Lighting and USB sockets powered by a solar panel (!), a wood stove, mattresses, blankets, and dishes make for a stopover in a bucolic atmosphere. Close to LA ROCHETTE-VAL-GELON

Before every flight: check the UAS zones map, NOTAMs and temporary areas, the weather and the Kp index.

Preparing the flight

Pre-flight Check-List

- ☐ Area checked: UAS zones, restrictions, protected areas
- ☐ NOTAMs and temporary areas checked
- ☐ Weather: wind, gusts, rain, visibility; Kp index
- ☐ Operator number displayed on the drone
- ☐ Training certificate or licence with me
- ☐ Third-party liability insurance checked
- ☐ Batteries charged: drone, controller, phone
- ☐ Propellers, motors and frame in good condition
- ☐ Memory card inserted and empty
- ☐ Software up to date, compass and IMU calibrated
- ☐ Return to home: home point and return height set
- ☐ Electronic signalling or remote ID active
- ☐ Take-off area clear, people informed and at a distance
- ☐ Observer present for FPV flights

Key rules of the open category

Recreational flying in France: European open-category rules, applied by the DGAC.

- Maximum height: 120 m above the ground, lower where a restriction requires it.
- Always keep the drone in sight; when flying FPV, an observer keeps it in sight next to you.
- Never fly over crowds and keep the distances of your subcategory (A1, A2 or A3).
- Respect UAS geographical zones: around aerodromes, prohibited or restricted areas, protected areas, sensitive sites.
- Register as an operator if the drone weighs 250 g or more or carries a camera (toys excepted), and display the number on the drone.
- Training: online A1/A3 certificate from 250 g or for a class C1 drone; A2 certificate to fly closer to people with a class C2 drone.
- Always give way to manned aircraft and land if one approaches.
- Respect privacy: no images that identify people without their consent; aerial photography is prohibited in some areas.
- Check your third-party liability insurance.
- In France: registration and training on AlphaTango (DGAC); a drone of 800 g or more must broadcast electronic signalling (or the remote ID of class-marked drones).

Non-exhaustive summary: rules change. Reference: the DGAC open-category guide and the country's regulations.
